Instructions

1. **Scout & Family Information.** This section identifies the Scout. A separate form should be submitted for each Scout should there be multiple Scouts in the family.
2. **Family Needs.** Please describe the circumstances, including financial matters that require campership assistance for the Scout to attend camp.
3. **Unit Information & Endorsement.** This section helps give the Campership Committee a perspective of the Scout's participation. Attendance, scout spirit, participation in fundraising events, and the effort the Scout puts forth helps give a clear perspective of the Scouts attitude towards the Scouting program. In many cases, the unit may be aware of the financial needs of the Scout, and confirmation of this fact, or further explanation is helpful. Please do not merely repeat information already provided. This section is required.
4. **Summer Program.** This section enables us to identify what Garden State Council Camp/Program the Scout will be participating in to ensure any Campership contribution gets credited appropriately.
5. **Campership Request.** This section helps determine the ultimate campership request. Please remember that camperships are not guaranteed, and it is possible that only a partial campership may be granted. The amount of the campership awarded will be based on financial need as well as the amount of money available to be awarded and therefore may not be for the full amount requested. As a general rule, camperships granted are rarely more than half of the camp fee. Camp fees used in calculations are based only on the most discounted fee. The increased fees are the responsibility of the family/unit.
6. **For Council Use Only.** This section to be completed by the Council Campership Committee only.

All Applications should be mailed or delivered to:
